Example Advert

You use **tunneltrade.com** as an extended marketing platform for searching tunnelling personal.

You can place between 1 and 100 adverts (subject to the package you decide for) on **tunneltrade.com** and get full administration rights for your adverts. (Change, load up or delete at any time).

You place an advert in English language and we translate it for you into German and Russian language. If required we will establish new categories for your equipment.

2 Company Links

Example company link on the right side of the page

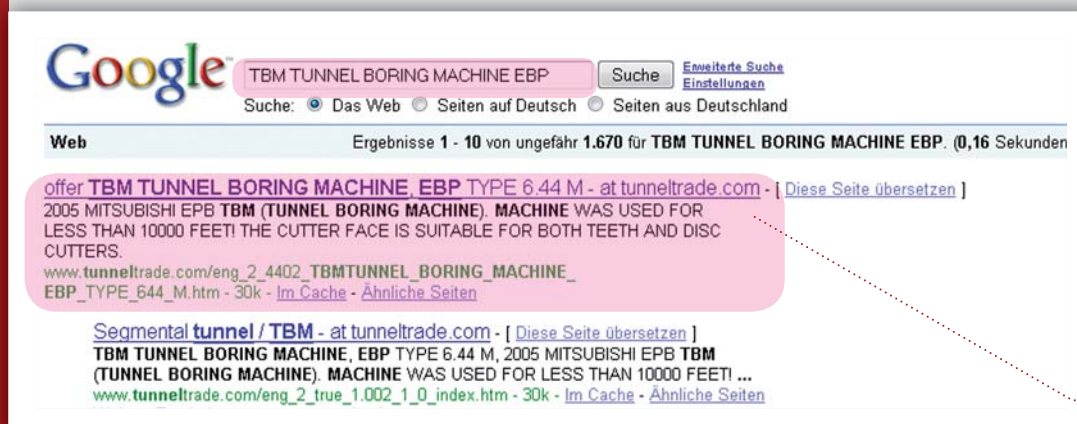

We take care for the international promotion of **tunneltrade.com** and for the permanent development of the site.

Furthermore we implemented special features to achieve optimized search engine results with the worldwide most common search engines. We make sure that keywords that are part of your advertisement will be found by the most common search engines in a high rank.

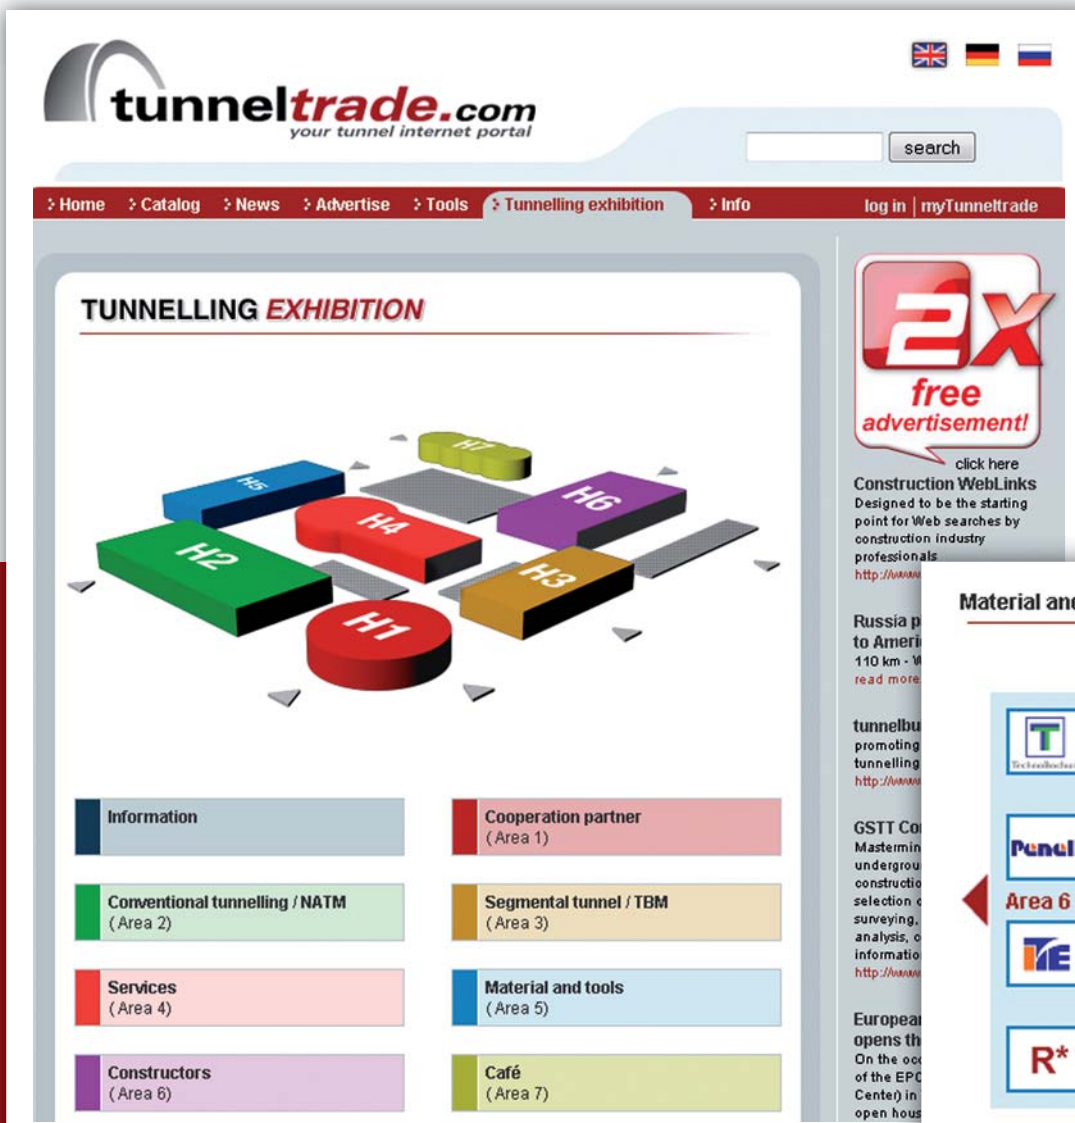

Special efforts have been put by us on the Russian search engines such as www.rambler.ru and www.yandex.ru. The analysis of click rates already indicates a very high demand for tunnelling products from that part of the world.

Our target is, that the potential customer that is seeking equipment via the search engine, will find your product in high rank that will lead him directly into your advertisement on **tunneltrade.com**.

Positioning of your content in the search engines

3 Virtual Tunelling Exhibition

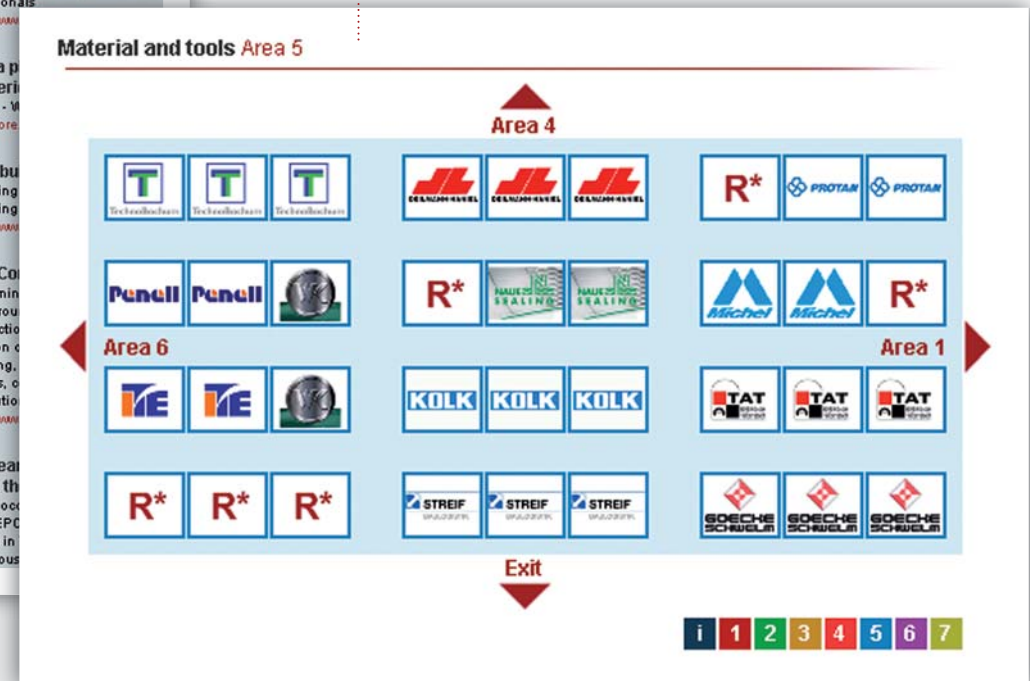

The screenshot shows the website's navigation menu with options: Home, Catalog, News, Advertise, Tools, Tunnelling exhibition, and Info. The main content area features a 3D diagram of exhibition halls labeled H1 through H7. A sidebar on the right contains a 'free advertisement!' offer and a 'Construction WebLinks' section. Below the diagram is a menu with categories: Information, Cooperation partner (Area 1), Conventional tunnelling / NATM (Area 2), Segmental tunnel / TBM (Area 3), Services (Area 4), Material and tools (Area 5), Constructors (Area 6), and Café (Area 7).

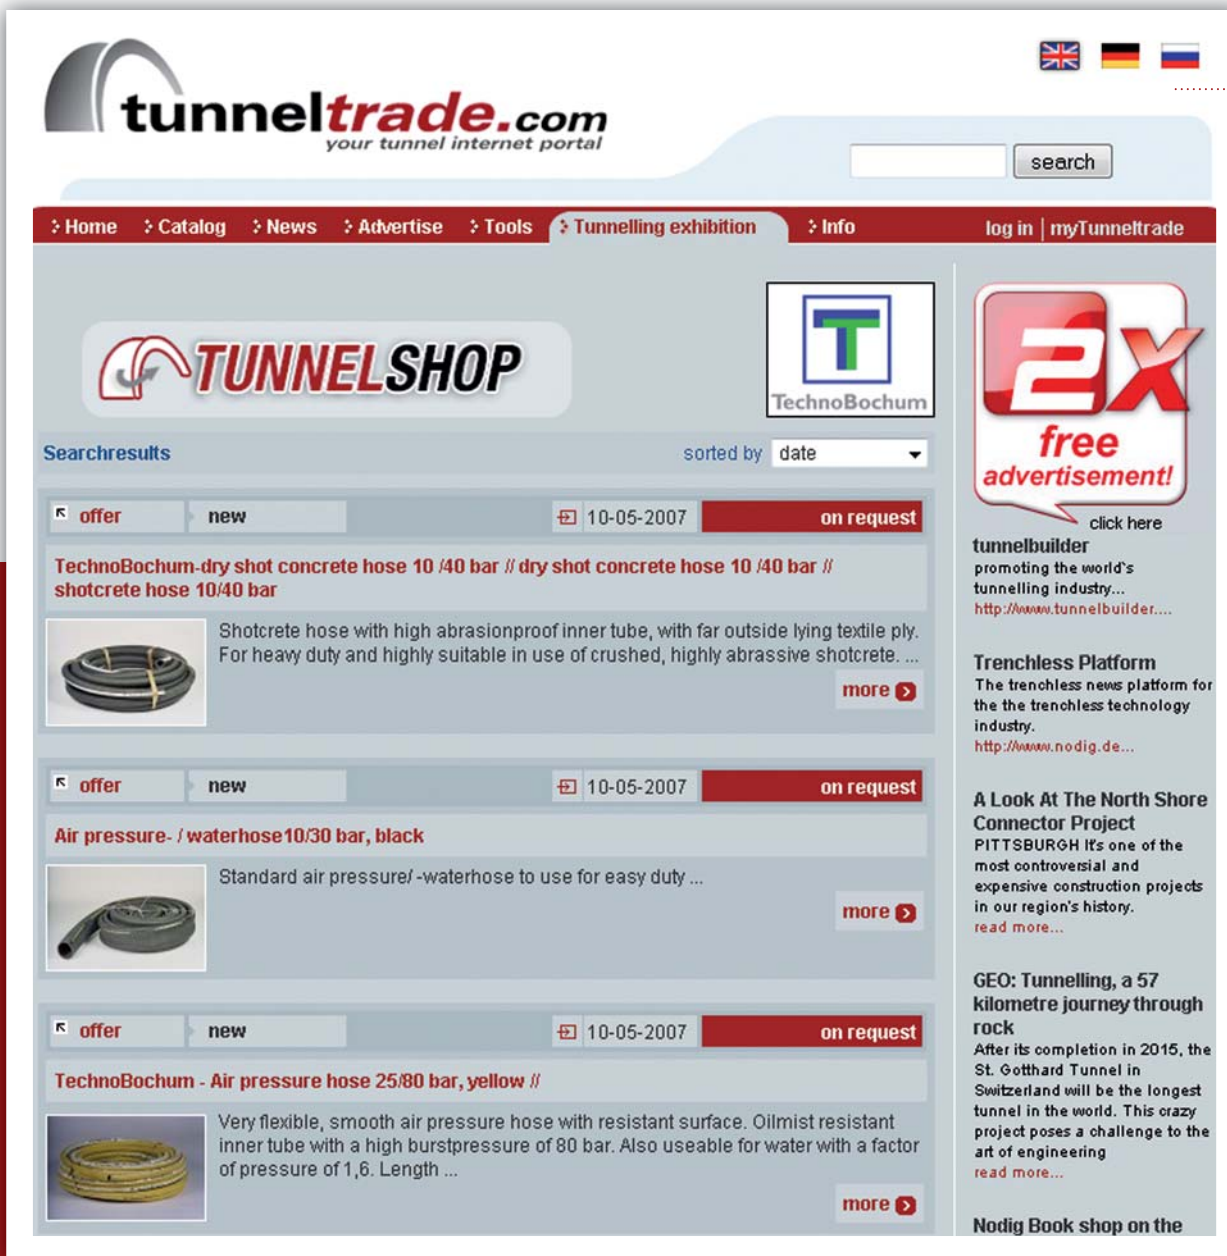

We present your company and your articles in our "Virtual Exhibition" and the included "Tunnelshop". Your company will be represented as well with your company logo and a brief description of your products and services.

Virtual Tunnelling Exhibition / Overview

Virtual Tunnelling Exhibition / Inside view of an Exhibition Hall

This screenshot shows a virtual exhibition hall for 'Material and tools Area 5'. The hall is a grid of booths with various company logos. At the top is 'Area 4' with logos for Technobahn, CELNUPHANEL, R*, and PROTAM. The main area contains logos for Penell, HAUER SEALING, Michel, R*, KOLK, STREIF, and GOECHE SCHWELER. At the bottom is 'Area 6' with logos for TE, KOLK, and STREIF. An 'Exit' sign is at the bottom center. A navigation bar at the bottom right shows a sequence of colored boxes labeled 1 through 7, with 'i' for information.

The screenshot shows the Tunnelshop website interface. At the top, there is a search bar and navigation links: Home, Catalog, News, Advertise, Tools, Tunnelling exhibition, Info, log in, and myTunneltrade. The main header features the Tunnelshop logo and a TechnoBochum logo. Below the header, there are search results for 'dry shot concrete hose 10 /40 bar'. The results are sorted by date and include three items:

- TechnoBochum-dry shot concrete hose 10 /40 bar // dry shot concrete hose 10 /40 bar // shotcrete hose 10/40 bar**: Shotcrete hose with high abrasionproof inner tube, with far outside lying textile ply. For heavy duty and highly suitable in use of crushed, highly abrasive shotcrete. ...
- Air pressure- / waterhose 10/30 bar, black**: Standard air pressure/ -waterhose to use for easy duty ...
- TechnoBochum - Air pressure hose 25/80 bar, yellow //**: Very flexible, smooth air pressure hose with resistant surface. Oilmist resistant inner tube with a high burstpressure of 80 bar. Also useable for water with a factor of pressure of 1,6. Length ...

Each result includes a small image of the hose, a 'more' link, and a 'TechnoBochum' logo. On the right side of the page, there is a sidebar with a '2X free advertisement!' banner, a 'click here' link, and several news articles:

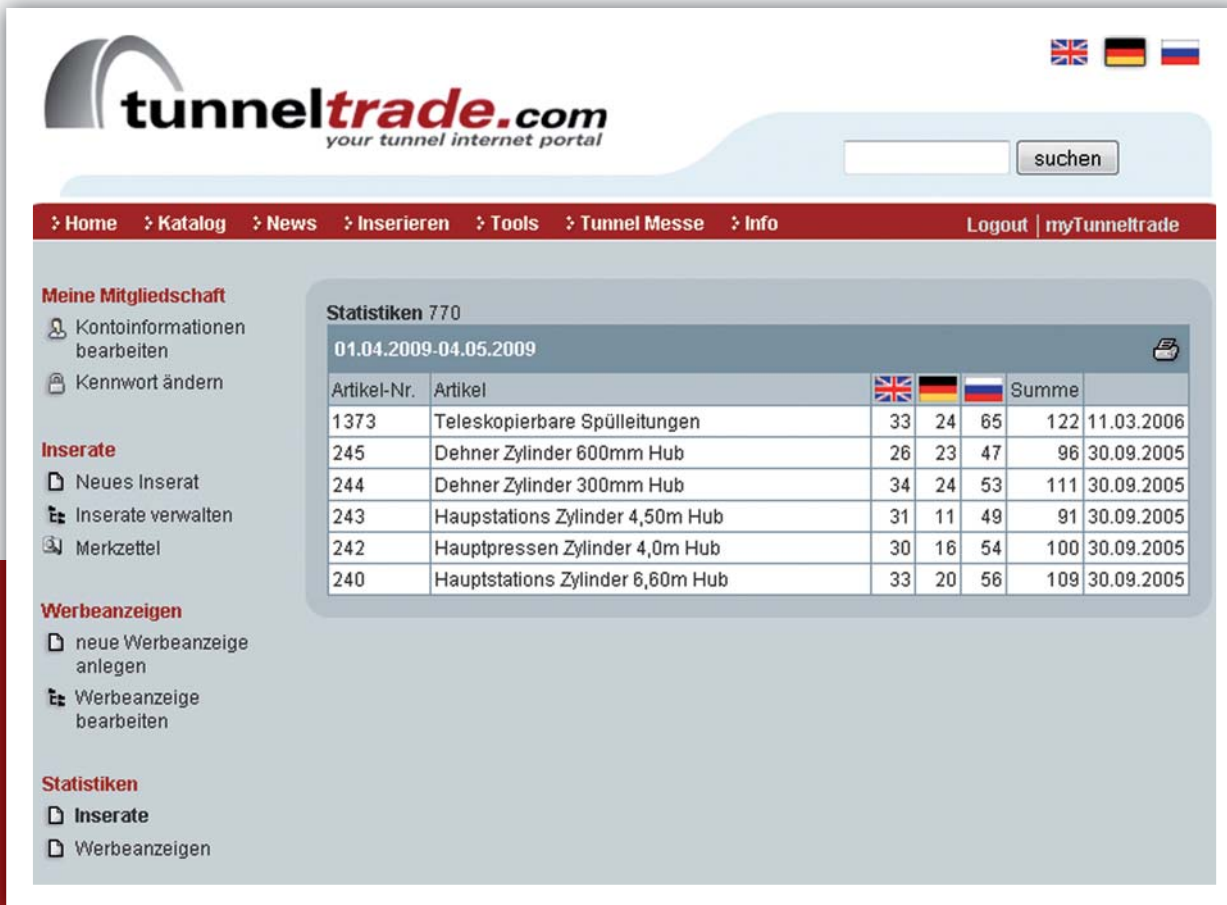

- tunnelbuilder**: promoting the world's tunnelling industry... <http://www.tunnelbuilder...>
- Trenchless Platform**: The trenchless news platform for the the trenchless technology industry. <http://www.nodig.de...>
- A Look At The North Shore Connector Project**: PITTSBURGH It's one of the most controversial and expensive construction projects in our region's history. [read more...](#)
- GEO: Tunnelling, a 57 kilometre journey through rock**: After its completion in 2015, the St. Gotthard Tunnel in Switzerland will be the longest tunnel in the world. This crazy project poses a challenge to the art of engineering [read more...](#)
- Nodig Book shop on the**

Statistic of Adverts

tunneltrade.com offers every registered user who have living adverts on the site to have access to an online statistic evaluation in real-time.

The statistic shows which advert / company links has been clicked how often and in which language.

Mailings to our registered Users 6

Once you have completed your ads we will send out a mailing to our approx. 1,600 registered Users where we make the aware about your newest ads. The mailing will be made in German, English and Russian language, subject to the language of the individual User.

7 Top Article / Company Logo on Front Page

The screenshot shows the front page of the tunneltrade.com website. At the top left is the logo "tunneltrade.com your tunnel internet portal" with flags for the UK, Germany, and Russia. A search bar is located at the top right. A navigation menu includes Home, Catalog, News, Advertise, Tools, Tunnelling exhibition, and Info. Below the navigation is a large banner for Goeche Schwelm featuring a 3D tunneling exhibition graphic and a "Click here to visit the virtual Tunneling Exhibition" button. To the right of this banner is a "2X free advertisement!" box with a "click here" link. Below the banner is a search bar with a "GO" button and the text "The one-stop source for the tunnelling industry." The main content area is divided into three columns. The left column has three featured articles: "N.A.T.M. Drill & Blast", "TBM Machine Tunneling", and "Pipejacking-Microtunnelling". The middle column has a "News" section with an article titled "A Look At The North Shore Connector Project PITTSBURGH" and a "read more..." link. The right column has a "New Offers" section with two items: "Scaffold Cranes and Bridge Overhead Travelling Cranes" and "Concrete Mixing Plants COBRA from Finland". At the bottom, there are "Top Offers" and "New Offers" sections with more product details and "More information >>" links. A "YOUR LOGO" box at the bottom right says "Ask for an offer!".

For a special fee it is possible to place a company logo on the front page. A click on the Logo leads to the customers homepage.

Example Company Logo on Front Page

Furthermore you have the option to place one of your articles as a Top Offer on our front page for 30 days. Your article will appear permanently on our front page if you decide to order this option.
